CRYPTO PROS

Getting Started Guide

What Is Crypto Pros

Crypto Pros is an Advertising / Income online platform. Each advertising pack purchase gives you text advertising credits, 125 x 125 banner advertising credits and login ad advertising credits.

The comp plan has two core components. There are 10 levels of fast moving 2 x 3 matrices and daily passive income in the form of an activity bonus. Each advertising purchase allows you to earn back 300% or three times the purchase price by actively sharing Crypto Pros with others and/or through the passive daily activity bonus.

Passive Income - Revenue Share Activity Bonus

A percentage of the revenue on each purchase and each renewal of all 10 levels is placed in the Revenue Share Activity Pool. Each day we distribute 1% of the total pool for each level via equal shares to members that log into their account and watch one 15 second login ad. To receive the Revenue Share Activity Bonus you need to have an active matrix.

Example: if the member is active on levels 1 and 2 and log in they will receive the level 1 and 2 Revenue Share Activity Bonus. If the member is active in all 10 levels they will receive the Revenue Share Activity Bonus for all 10 levels.

The income is capped at 300% combined Matrix and Revenue Share Activity Bonus at each of the 10 levels. The level will auto renew as soon as you have earned 300% providing you have enough funds in your Available Balance to renew the level. If you do not have enough funds you can make a deposit and then the level will auto renew.

10 Level Matrix Income

Crypto Pros has 10 levels 2 x 3 fast moving matrices. The income on each level is capped at 300% and then the level can be renewed allowing you to continue to earn matrix income and passive income over and over at each level.
